PROFILE

As a skilled Frontend Developer with over a year of experience, I specialize in creating dynamic web applications using technologies like React.js, Node.js, PHP, MongoDB, and JavaScript. I have worked at A2Z Infotech Pvt. Ltd. and currently contribute to TRONSoftech Pvt. Ltd., focusing on delivering high-quality, scalable solutions. My passion lies in crafting user-centric designs while ensuring optimal performance. I am committed to continuous learning and enhancing my expertise. Let's connect to explore collaboration opportunities!
